

Dear Members, Dear friends of the SSCC,

Warm and bright summer greetings from the entire team at the Swedish Swiss Chamber of Commerce!

The last couple of months have been unprecedented and we have all had to adapt to a new way of working and living. The digitalisation and working online have taken another big leap ahead. Thank you for staying in touch and for listening in to the different online events, teleconferences, and webinars that we have offered during this spring. We hope to be able to go back to offer physical events from September and have planned a **Nordic event in Zurich** and a breakfast event with **Annika Falkengren in Geneva**.

We are very pleased to welcome our new members who have joined us lately, some of them are presented here below.

Finally, we are happy to announce that the yearbook will be digital this year and made available end of August. It will be easily accessible on our website with a much bigger reach and of course sustainable.

All the best and keep safe!
