We organise 30+ business events and webinars per year taking place across Switzerland in Zurich, Geneva, Lugano and Bern, providing professional networking opportunities.

Our events range from Business Forums where we compare Sweden and Switzerland around a topic, Business Talks with C-suite speakers to more social networking events, Meet & Connect. All our events are in English.

SSCC also join forces twice a year with other chambers of commerce around Nordic Chambers' events and AICC events (Association for International Chambers of Commerce).

## Endless branding opportunities

We support and promote our members reaching out to the Swedish-Swiss business community on our website, through newsletters, the yearbook SSCC Connect and social media. The channels offer excellent marketing opportunities to raise your profile in the Swedish-Swiss business community.

We also offer sponsorship opportunities at our events or the possibility to host an event, and the possibility to create a member offer with an exclusive offer to our network.
